Troop Number

E-mail Address

Phone Number

District

The Great Alaska Council understands the importance of having trained leaders and delivering the Scouting program effectively and correctly. The Great Alaska Council Board is very committed to training. Though face-to-face instruction is the preferred method for training, we also understand it is not reasonable or convenient for scout leaders to personally attend Leader Specific Training, especially given Alaska’s vast geographic diversity. In order to qualify to take this course, you must live off the Alaska Highway system or in Juneau, Alaska or have extenuating circumstances where attendance at face-to-face training cannot be accomplished.

I qualify because I live off the Alaska Highway system and it is unreasonable for me to travel to Anchorage or Juneau for training.

I have an extenuating circumstance where attendance at face-to-face training cannot be accomplished. Please identify below.

If your application is found acceptable, you will be notified by e-mail and the documents will be sent to you for your self-study.

Sincerely,

Great Alaska Council
SM Distance Training Course Development Team
